

Please note that effective April 1, 2026, parking rates at the Port of Baltimore's Cruise Maryland Terminal will be \$25 per day, per vehicle. This is an increase of \$5 per day, per vehicle. This adjustment reflects rising operational costs but allows us to still provide the outstanding customer service that you expect when you cruise from the Port of Baltimore. The \$25 rate also remains well below other competing cruise ports. As always, we appreciate your business and support and look forward to continuing to serve you.
